GymACT Conference

GymACT programs compete using NCAA competition rules. During the meet season we go head to head with NCAA teams all the way to team, AA and individual event finals at the USAG Collegiate National Championships. These **College Teams** are nationally ranked within the NCAA official ranking at **www.roadtonationals.com**.

The main difference from NCAA teams is that GymACT teams are self-funded and receive minimal or no financial support from their athletic departments. However, GymACT programs may also provide different / more opportunities and benefits, as they are not bound by some of the limitations imposed by NCAA compliance.

You have worked very hard for many years to succeed in the sport you love so much. You are not finished yet! **Join one of the teams** in this brochure and take advantage of the many opportunities these teams provide!

Distinguishing GymACT Programs from

“Club Sports” teams: Many universities have gymnastics clubs as part of their recreational sports department (see NAIGC.com for more information). GymACT establishes a platform upon which these programs can engage in a higher competitive level arena.
